

Among the most pleasant of KSA activities are the two general membership meetings held each summer in late June and mid-August. The meetings include food, refreshments, and a wonderful opportunity to get to know your neighbors.

They also allow members to keep up to date on any actions being considered by the Association as well as a chance to express personal concerns.

We look forward to seeing you at these fun events.

Will you join us in our efforts to keep our community just as terrific as it is? We hope so! All residents of Kinney Shores, whether full-time or seasonal, may become members of the Association. You need only fill out the attached form and send it with your annual dues to

Kinney Shores Association,
P.O. Box 7139, Ocean Park, ME 04063

Hope to see you soon and often!

Kinney Shores Association

Kinney Shores Association (KSA)

Saco, ME

Est. 1948

Hello, neighbors! The Kinney Shores Association wishes to welcome you to Kinney Shores and to say how pleased we are that you have chosen our beautiful seaside community for your residence or rental.

The Kinney Shores Association (KSA) was formed in 1948 to promote cooperation and to build relationships among its residents--both seasonal and year-round. KSA's objective is to maintain the character and quality of our community, both through the voluntary activities of its members and by keeping abreast of issues that concern Kinney Shores.

Kinney Shores lies within the City of Saco and is subject to its laws and regulations. Among those that directly affect us are:

1. **Fireworks and Fires**—Fireworks of any kind are prohibited on the beach or on any other public or private property. Fires are prohibited on the beach. Both these rules dramatically reduce the terrible destruction fires and fireworks can cause to homes and to our protective dune grass.
2. **Dogs**—During the summer months, July and August, dogs on the beach must be leashed between 9:00 a.m. and 5:00 p.m. and dog waste must be removed from the beach and other public areas.
3. **Noise** - Loud noises that are annoying or disturb the peace, comfort or safety of others are prohibited prior to 7:00 a.m. or after 10:00 p.m.

Finally, we ask that we all be good neighbors and leave our beautiful beach the way we found it. *Please make sure to familiarize your family, guests and tenants with this information.*

Volunteers take turns throughout the summer watering and caring for the planters at the North and South ends of Kinney Shores. The Association arranges for the boardwalks to be cleaned and, maintains the doggie waste bags at several beach entrances. The Association also keeps up with locally-focused topics of interest, including the environment and wildlife protection.
